KOREANS WANT INDEPENDENCE

POPULACE STAGE DEMONSTRATIONS IN FAVOR OF MOVEMENT FOR FREEDOM.

By the Associated Press

TOKIO, March 18.—Korean demonstrations continued Saturday and Sunday, according to dispatches printed in newspapers here, and it is indicated that the national independence movement is remarkably extensive and well organized in some of the strongest provinces of that country. Reports state that the railway station at Ping Yang has been stoned by a mob of 10,000. Korean national flag is being commonly displayed. The movement is notable for its extent rather than its violence.

A. J. WALKER TO MAKE DEEP TEST

NEW RIG UP NEAR LOVELADY SCHOOL HOUSE IN UNTESTED PART OF COUNTY.

A. J. Walker has the rig up and will soon begin drilling in section 12-3-7, about two miles east of the Lovelady school house. He is starting with a 20 inch casing and will drill 3,000 feet if necessary to get a gusher. Mr. Walker is an oil man of great experience, having operated in the Pennsylvania, the Ohio and the Healdton fields. This is comparatively new territory he is testing and a part of the county in which many oil men say they believe the pool of oil will be found.

The Durant-Oil Company is becoming more active and will renew work on their well between here and Francis. The Oil State is ready to drill on its new location, The Daokla Oil Company is beginning drilling on the Robert Ford place just south of Ada a few feet from the place they lost the first well.

ADA CITIZENS TO STRATFORD

TO ASSURE PEOPLE OF GARVIN THEY WILL BE WELCOMED IN TO PONTOTOC.

The citizens of Ada are requested by O. N. Walker, secretary of the Chamber of Commerce, to assemble on Main street Wednesday afternoon at 1 o'clock to go to Stratford. The object is to show the citizens of Stratford and the strip along the Pontotoc county line that they will be welcomed into this county.

Petitions are now being circulated requesting Governor Robertson to call a special election in the territory affected, to determine if the citizens desire to be in Pontotoc instead of Garvin county. Those who are heading the movement say that at least ninety per cent of the population is in favor of coming into this county. It is expected that the election will be held in the next few weeks.

This strip, including a total area of forty-five square miles, extends from the northern boundary of the Garvin county line to the boundary line between Garvin and Murray. It is fifteen miles long and three miles wide and contains some of the most fertile land in Garvin county. The beautiful and thriving city of Stratford is situated in this territory.

The citizens of Pauls Valley, Mr. Walker says, are in Stratford today, promising what will be done if the people will agree to stay in Garvin county. To offset any damage that may be done today, the citizens of Ada are asked to go over tomorrow afternoon and assure the Stratford folks that they will be welcomed into the best county in the state. The Ada cars can leave Ada at 1 o'clock, spend an hour in Stratford and be back here before 4 o'clock. Scores of cars are expected to go, inasmuch as the subject is one that may mean much to Ada and the entire county.

AT THE PLAY HOUSES

AMERICAN.
Harry Carey is presented in a thrilling western drama with many climaxes and interesting scenes. Harry and his cowboys finally capture New York without a struggle. Coming Wednesday, Wm. S. Hart in "The Border Wireless."

LIBERTY.
The Roquemore Musical Show will present "Our New Maid" this evening. The Harmony Quartet will be a feature of the entertainment and other celebrities will appear. The picture program will present Jack Richardson in "The Desert Law."

RUNAWAY TEAM STAGES SHOW

A team of miniature mules from Rains Bros. grocery put on a show this morning which, with the after performance, was a comedy of the highest rank. The mules turned out of the alley south of the First National bank and made a dash for the front windows of the block on the west side of South Broadway. They turned in time to avoid breaking the hearts of the plate glass insurance companies and hung the wagon on a telephone pole in front of the express office. The single tree and harness gave way to the momentum of the team and the frate bronks hitched themselves to a near-by sign post.

With the exception of some minor breaks no damage was done. The driver, though a lad still in his teens, is versed in handling mules and proceeded to give the long-eared animals the fatherly talk it is said mules sometimes need. He sent his helper to a hardware store to procure new single trees to replace the broken ones, and on being informed the store didn't handle such vulgar things as single trees, he exclaimed, "What'll they handle in there—millinery!"

DERRICK UP FOR WELL EAST OF ADA

The derrick for the deep test in section 12-3-7, eight miles east of Ada, has been completed and drilling will soon be in progress. This well will be drilled by A. J. Walker of Healdton, one of the most successful operators in the Healdton field, who is connected with the Iokla and Joyce companies in that field.

The latest well undertaken by the Macholia near the Mascho wells east of Francis, is down several hundred feet, and it is intended to go 3,500 feet, if necessary.

T. K. TURNER OF DOLBERG DIES AT SHERMAN, TEXAS.
T. K. Turner of Dolberg, died Monday morning at Sherman of Bright's disease. The body was taken to Ross for interment. The Masonic fraternity was in charge of the funeral.

Decoated was a prominent citizen of his community where he had lived a number of years. His wife died about a year ago. He is survived by seven children.

DISPOSITION OF HUN WARSHIPS

NOT LIKELY QUESTION WILL BE INCLUDED IN PEACE TREATY.

By the Associated Press

PARIS, March 18.—Disposition of German warships is not likely to be included in the peace treaty, according to the view of the American peace delegation. Germany, however, will be required to surrender title to the ships. This ultimate ownership will be determined later. The British peace delegation, it was announced today, has consented to refer to the supreme council the question of future ownership of German cables to the United States. All parties interested are preparing briefs on the subject.

IRONING OUT DIFFERENCES

WILSON AND PREMIERS MEET TO SETTLE MINOR POINTS OF DIFFERENCE.

By the Associated Press

PARIS, March 18.—President Wilson will hold an important conference with Premiers Lloyd-George, Orlando and Clemenceau at the Paris White House today. The meeting of premiers representing the supreme directing force of the peace conference, takes place of the session of the supreme council which has been postponed until tomorrow to permit of this meeting.

The question to be discussed at today's meeting is the large one of securing complete accord between the Great Powers on all phases of the peace treaty and its early presentation to Germany. It is expected that an agreement on the inclusion of the league of nations in the peace treaty will be reached today in accordance with the resolution already adopted by the peace conference. Special interest attaches today to reports of divergence of opinion on including the league plan in the treaty. However, Bonar Law in answer to a question in the house of commons declared that the final signing of the peace treaty would not be delayed by any possible difference of opinion about the league of nations plan.

MUST DESTROY FORTIFICATIONS

GERMANS MUST DEMOLISH ALL FORTS ON ISLAND OF HELGOLAND.

By the Associated Press

PARIS, March 18.—Fortifications on the island of Helgoland, Germany's formidable base in the North Sea, must be dismantled. This decision was reached today by the supreme allied war council. It was decided also that the Kiel canal should be internationalized and made available to ships of all nations on even terms.

PROMINENT SPEAKERS PRESBYTERIAN CHURCH

The New Era meeting at the Presbyterian church opened this afternoon and will continue through the evening hour. Dr. Schaub was unable to be present and his place is being filled by Rev. T. H. Aszman, pastor of the Presbyterian church at Norman. Dr. C. C. Weith, pastor of the Ardmore church, and Mrs. C. B. Van Denburg of Ardmore, are the other two speakers of the occasion. All three will be heard this evening.

The New Era movement is the largest undertaking ever launched by the Presbyterian church and these meetings are being held throughout the United States this week.

St. Patrick Social.

The St. Patrick's Social given at the Christian church Monday evening proved quite a success. A short program consisting of musical numbers and readings was rendered by the following: A Story, by Col. Baird of Kentucky; Reading, by Ruth Gibson; "When I Dream of Old Erin, I'm Dreaming of You," sung by the male quartet, composed of Messrs. Smith, Turner, Guest and Palmer; Irish Lullaby, May Guest; Reading, Nelle Hodge. Mrs. Harmon Ebey operated the Edison machine.

Ice cream and cake were served to those present and every one left feeling that it was good to have been there.

RENEWED FIGHTING AGAINST BOLSHEVIKI

By the Associated Press

STOCKHOLM, March 18.—Fighting has been resumed against the bolsheviks along the entire Lithuanian front, according to an official statement issued at Lithuanian headquarters at Kovno.

The latest in Suits and Capes arrived yesterday—Printzess and Holland—Moser's Dept. Store.

Let a Want Ad get it for you.

H. S. TRACK TEAM TRAINING

H. P. SCHIENBERG, NOTED PERDUE STAR, IN CHARGE OF LOCAL SQUADS.

The track team of the High-school is putting forth great effort to get in shape before the District Meet here on April 18 and 19. H. P. Schienberg, one of the athletic stars of Perdue University before entering the army, volunteered his assistance to Coach Charlie Rayburn. Mr. Rayburn turned the track team over to Mr. Schienberg, and the local boys will be trained by this noted university star.

The material Coach Schienberg has to work with, while young and light, is capable of making athletes who can hold their own. A squad is out for each of the track and field events, and the best man will have to train in order to get an opportunity of appearing in the big meet.

The following boys are training for the various events:

100 Yard Dash—Chas. Cuning, Floyd Laird, Don Evans, Webb Riddle, Hardy Roach, Vernon Walters.

220-Yard Dash—Harvey Neely, Floyd Laird, Don Evans, Webb Riddle, Vernon Walters.

440-Yard Dash—Harvey Neely, Don Evans, George Bowman.

880 Run—Harvey Neely, Don Evans, George Bowman, Travis Kerr, Judson West.

1 Mile Run—Chas. Cuning, Julius Weston, Travis Kerr.

Low Hurdles—Floyd Laird, Julian Allen, Webb Riddle, Hardy Roach, Vernon Walters.

Broad Jump—Chas. Cuning, Harvey Neely, Julian Allen, Webb Riddle, Hardy Roach, Vernon Walters.

Pole Vault—Chas. Cuning, Julian Allen, Webb Riddle, Travis Kerr, Roy McKeown, Hardy Roach.

Shot Put—Roy McKeown, Hardy Roach.

Discus—Hardy Roach, Julian Allen, Travis Kerr.

Javelin—Floyd Laird, Julian Allen, Travis Kerr, Hardy Roach.

Undecided—Julius Weston, Aubrey Kerr, Mike Derrick, Judson West, Manson Hawkins, John W. Baker.

In the "B" class not so many have entered for the teams. In the short runs Weston Cain is having things his own way. John Brown is out for the 220-yard run. Guy Meaders and Lemnox Roddie are showing up well, but have not yet decided what events they will try for.

40c Plate Lunch, Harris Hotel Cafe, 11:30 to 2:00.—New Management. 3-3-1mo

BREWERS RAISE NEW QUESTION

INTERNAL REVENUE DEPARTMENT ASKS FOR OPINION ON ENFORCEMENT.

By the Associated Press

WASHINGTON, March 18.—The question of whether the internal revenue department has authority to enforce prohibition against the sale of beer containing one-half of one percent of alcohol or more, will be put up to the department of justice. Internal Revenue Commissioner Roper today asked for an opinion on the subject. The question was raised by the announcement of New York brewers that they would resume the manufacture of beer containing not more than two and three-quarters percent of alcohol, considering this not intoxicating.

INSPECTION OF MARNE VETERANS

By the Associated Press

COBLENZ, March 18.—The Third division of the American army that fought against the Germans on the Marne in the last great German drive, were inspected, reviewed and presented with decorations by General Pershing this afternoon. Lieutenant George Hays of Okarche, Okla., was among those presented with congressional medals of honor.

"40" Has Conquered Blood Poison

Scrofulous eruptions, pimples on the face are both annoying and disfiguring. Sores, ulcers, mucous patches, copper colored spots, glandular swellings, inflamed eye lids, wasting of the muscles, constipation, a form of dyspepsia and stomach trouble can all be the result of blood poison. "Number 40 For The Blood," an old doctor's prescription, is the best treatment for all forms of blood poison known to medical science.

Member of Associated Press
The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it or not otherwise credited in this paper, and also the local news published herein.

The editorial in Monday's paper entitled: "Get off the Sucker List," should have been credited as a government bulletin. It contained some very timely advice but the News never seeks to take the credit due to some one else when it comes to editorials.

The News has not given the social items of the city the attention they should have. With Miss Annie Mae Braly as reporter, however, we expect to improve this feature of the paper. We shall appreciate any assistance the ladies of Ada may give her in keeping up with these events.

The Shawnee News-Herald has joined the metropolitan class by taking on full leased wire service and setting out seven issues per week besides adding four pages to the regular edition. That's going some and Shawnee should appreciate the improved service.

Now that Spring comes tripping in again with her green grass and flowers, why not gather up all those tin cans, papers, boxes, and other rubbish from your yards, back alleys, and vacant lots and give Mother Nature a chance to spread them over her carpet of green daisies with posies? Do you live here? Then do not talk about unsanitary conditions of your town, but appoint yourself as a committee of one to help clean up and beautify the earth about you. Don't forget the Ladies' Mass meeting at the Christian church Wednesday afternoon.

BUILD NOW.
The series of advertisements now running in the News should have the thoughtful reading of every citizen who contemplates building a home in the next few years. The government officials are advised us not to build, just as they advised us not to build a year ago. What was unpatriotic then is patriotic now. Then we were conserving labor and material for war purposes. Now that the war is over we must find work for every one who wants to work, and the building trades can furnish thousands of jobs if given an opportunity to do so.

There are many reasons why building in Ada should be done without delay. It is not likely that building material will be cheaper for some time. It is an assured fact that lots in Ada will not get cheaper but

will get higher. The city is growing and a growing city means higher real estate values. Buy a lot now, build a home now, and the future will look brighter and rosier.

WHAT A NIGHT!

By LINCOLN ROTHBLUM.

It was the coldest night Boston had had in many years. Two days' snowfall, accompanied by a freak blizzard sweeping down from Newfoundland, had buried the entire city in a heavy blanket of white. It was but nine o'clock this Saturday night, and the elements, unrestrained, played at will in the empty streets.

Doris, wrapped up in a bathrobe of carmen-colored corduroy, pushed the hassock closer to the fire and snuggled in the comfortable warmth of the burning logs.

"Just a year ago tonight," she murmured dreamily, "but it was not so cold."

"Come, sis," remonstrated a comely lad of sixteen, who squatted Indian fashion, close by her, "you mustn't always figure how long it is since that day. I'm big enough to know what men do, and I'll bet my new rifle Stanley Chalmers ain't no coward. What'll you bet?"

The boy extended his cramped legs, and coking them up before him, clasped his hands about his knees. He knew he would again hear the entire account of why his sister broke her engagement with Stanley Chalmers, and he wanted to be comfortable during the recital.

"It was not so cold as it is tonight," Doris began, as if reciting a well-learned lesson, "when we turned the corner of Dorchester and Saxton streets. He had just been telling me he would protect me from all ill, when a horrible-looking fellow bumped into me and swore out a terrible oath. I surely expected Stanley would knock him down, but all he did was grab my arm and hustle me off."

"When we got home," she continued, pulling the bathrobe closer about her, "you were in the hall and heard me tell him I could never marry a coward."

"Aw, I guess I'll get some more wood," Bob answered practically, and in an effort to change the subject, "the fire's dying down."

In a few moments Bob returned from the kitchen, his arms laden with roughly chopped pine boughs. As he crossed the threshold between the two rooms and stopped to adjust his burden, from the upper regions of the house a terrific crash reverberated. The wood dropped from his arms and he dashed across the room swiftly to his sister.

"What is it?" his lips formed the words his voice refused to utter.

"We must see who it is," she whispered, thoroughly frightened, and grasped the rod used to stir up the embers.

They must get help. With a dash through the short hall, they threw open the porch door. Doris' shrill call was lost in the shrieks of the wind.

What went there? Was that a man, bucking the gale? Was that figure enveloped in a great coat a real man—sent by Providence to help them in their predicament? Would he pass their house? Did he not hear them?

"Help! Help!" they called out in unison, "we're being robbed! There's a murderer upstairs! Help!"

The man did hear. He was turning. He was coming towards them. As he vaulted the low stoop, Bob pointed, "Upstairs!"

He cleared the first three steps with a single bound, ignoring the poker Doris mutely held out. "Better that than nothing," she subconsciously thought, and followed up in his wake.

Into one bedroom and then the other he cast the glare of his pocket flashlight. Under the beds and in the closets, no corner escaped his rigid inspection. And then into the bathroom.

The door stubbornly refused to open. Someone was holding it. They entered the bathroom and the door banged tight as the flashlight went out.

Alone in a dark bathroom with a strange man and a burglar!

What a night! Doris screamed.

The man located the electric switch and light filled the room. A slight stir against the opposite wall brought them about face on the defensive. And they saw—an extension leaf to the dining-room table slip from its moorings and join its mate at the bottom of the bathtub in a crashing embrace.

The man laughed. Doris sank to the floor. He assisted her down the staircase, where Bob sat in frightened patience. In a few moments she was composed.

"That we found no burglar does not lessen my gratitude, Mr. —"

The man lowered the high collar closely concealing his head.

"Stanley!" Doris gasped.

"Didn't I tell you he was brave?" yelled Bob, pulling the hero toward the fire.

And as they gathered about its comforting warmth, Doris looked up into eyes of soft brown and gently asked: "But, Stan, won't you explain about a year ago?"

The man squared his shoulders. "I knew that the fellow wouldn't hurt you, for he was only drunk. But I didn't want to embarrass you by the crowd that would have gathered had I struck him."

"Why didn't you tell me all this before?"

"You never gave me the chance to explain. You just judged me."

Doris hung her head in contrition. "Forgive me, Stan," she whispered, and as she sought the comfort of his protecting arms, naively added: "Can't you see I'm catching cold without my ring?"

(Copyright, 1919, by the McClure Newspaper Syndicate.)

Notice, W. O. W.

All members are urged to be present at the meeting Tuesday evening, March 18. A complete report from the head camp meeting at Sulphur will be made; also a class of sixteen for initiation. Refreshments will be served.

R. H. BENNETT, C. C.

DAILY HEALTH TALKS

Better be Careful About Your Kidneys

BY N. B. COOK, M. D.

Foods taken into the stomach go through various chemical changes, and some of these changes are poisons that must be sifted out and disposed of. It is the duty of the kidneys to do this. When the kidneys do not fully perform their vital work, death may be only a few hours away.

Happily, Nature has provided warning alarms telling people when their kidneys are not well. These warnings come in the form of dragging pains in the small of the back, weak stomach, low spirits, chills, nausea, headache, scanty urine and frequent desire to pass it, short breath, numbness, cramps, coated tongue, bad breath, puffs under the eyes, thin blood, dry skin, ringing in the ears, spots before the eyes and many other symptoms. All come from the one cause of kidneys that are not filtering the poisons out of the system.

To overcome these troubles, Dr. Pierce, of Buffalo, N. Y., compounded what he calls Anuric Tablets. No other kidney medicine is its equal in giving relief and re-establishing healthful work in the kidneys. The treatment is very simple, as you need nothing except water when taking Anuric Tablets—a glass of water with each tablet. This washes and flushes the kidneys while the medicine itself is dissolving the uric acid poisons and driving them out. Anuric Tablets are made double strength, so that they dissolve uric acid the same as hot water dissolves salt or sugar. Most people need Anuric Tablets because most people have uric acid. Better get that poison out of your body for safety's sake, and better begin today.

To gently and agreeably coax the bowels back into normal activity, take Dr. Pierce's Pleasant Pellets. They are just as good for constiveness as his Anuric Tablets are good for kidney disorders, and that is saying a great deal.

LADIES URGED TO ATTEND MASS MEETING

The mass meeting of the ladies of Ada, called for 3 o'clock Wednesday afternoon, is the outgrowth of a plan of the Chamber of Commerce to secure the closer co-operation of the ladies by organizing an auxiliary. Their co-operation is especially desired in civic improvements and in the coming clean-up campaign. These and other matters will be taken up at the meeting of Wednesday afternoon.

It is hoped to prevent a great deal of sickness during the coming summer and fall by a general cleanup, thus destroying the breeding places of mosquitoes and disease germs. It is also expected that the movement will result in beautifying many places in the city, thereby adding to the general attractiveness of things in general.

The city commissioners are also invited to be present and take part in the proceedings.

PRODUCE MERCHANT GAINS 30 POUNDS

Is Also Relieved of Rheumatism Through Taking Course of Tanlac.

"I not only gained thirty pounds on a few bottles of Tanlac but can do more work than I have been able to do at any time in the last ten years," said C. B. Gwin, a well-known produce merchant of Amory, Miss.

"For a long time my system was debilitated," he continued, "and my digestion out of order so I could hardly eat a thing. I suffered from awful headaches, my nerves were like a strain and my muscles felt like they were tied into knots with rheumatism; I lost weight and got weaker every day."

"I was induced to try Tanlac by a friend and it is making a new man of me. I now can eat and sleep better than I have in years, my rheumatism is all gone and I feel stronger and better than I have in a long time."

Tanlac is sold in Ada by Gwin & Mays Drug Co.

This series of advertisements is contributed to the cause of improving our city by the following lumber dealers:

SLEDGE LUMBER CO.
P. B. WILSON LUMBER CO.

DASCOMB-DANIELS LUMBER CO.
SCOTT LUMBER CO.

From Luther L. Monroe.

Aleard, France.
Feb. 12th, 1919.

Dear Sir: Very frequently I have had the idea of writing you a public letter from one of the boys who enlisted last May, for railroad service. There were three of us left Ada Oklahoma together for our destination, Fort Benjamin Harrison, and reporting to personal office Sunday morning at 9:30 of the 19th of May.

We had been in the Sixty-first Railroad regiment, Charley Stone leaving us at St. Louis, Mo., for Hoboken, N. J., as a canvas worker. We all got split up, any way, at Ben Harrison and we drilled at Fort Ben Harrison six weeks and then was sent from there to Camp Upton, Long Island, where we were fitted out for overseas service. We only stayed there some six or seven days and was loaded on boat for France. We had a nice, lucky trip over—I say we did—the sea wolves not getting after us. It was reported we were sunk. We are over here in France, just the same. There were thirteen ships that came over to Europe and arrived at Liverpool, England on the 25th, thirteen days coming over. We left New York harbor on the 13th—moved every time around in France on the 13th of the month and belong to the Thirtieth division. Thirtieth Grand Division, I suspect, when we start for the states, it will be the 13th. We got over here just in time to help get into the hottest part of it when the Yanks began to turn the Germans back toward their own territory. We handled the heavy gun trucks to interest them. Aeroplanes did not sound so good to us overhead, especially at nights, the Americans went right on. We first operated trains to the front out of Tours, France, over the Pind O Paris and Orleans division. There was where I got acquainted with French engines and Belgian locomotives, all classes and types, some made years ago. I say you have to hand it to these people for good machinery. Their engines are of a fine quality and model.

As the war is over and finished, as the French say, I hope it won't be long before I can shake hands with the many good citizens of Ada, Oklahoma—by Christmas, anyhow. The boys are all very anxious to get back and see their dear sweethearts and families. I have one like myself I would very much like to see. I hear from her quite often. I am sure coming right back to Ada, Oklahoma, when discharged. I hope every man who was a soldier over here in France from our little town of Ada, Oklahoma will be able to show Pontotoc county their record of a gentleman and a No. 1, clean record. That is what Uncle Sam

Try our 35c meals. Imperial Cafe, 214 West Main.

Don't trifle with a cold—it's dangerous. You can't afford to risk Influenza. Keep always at hand a box of

CASCARA QUININE

Standard cold remedy for 20 years—in tablet form—safe, sure, no opiates—breaks up a cold in 24 hours—relieves grip in 3 days. Money back if it fails. The genuine box has a Red top with Mr. Hill's picture. At All Drug Stores.

Health in Outdoor Sports.

The great increase in the number of inmates at asylums for the insane is to be taken as a sign of the worry and uncertainty of our times. The resumption of outdoor play as soon as possible will restore equilibrium. Did an old base ball player ever become insane?

Let a Want Ad get it for you.

THEATRE AMERICAN THEATRE

UNIVERSAL SPECIAL ATTRACTIONS

HARRY CAREY

A Western Photoplay

With appealing theme and rife with many big scenes in which Harry Carey and his cowboys take New York without a struggle.

COMING WEDNESDAY

WM. S. HART in "THE BORDER WIRELESS," and "HOUDINI."

MONEY TO LOAN

I have on hand private funds as follows, to loan on improved city property or farm land:

- 2—Amounts of \$1,500.00 Each
- 3—Amounts of \$1,000.00 Each
- 1—Amount of \$2,000.00
- 1—Amount of \$3,000.00
- 1—Amount of \$750.00

Will loan this at reasonable rate for from 2 to 5 years, interest, if on city property, payable semi-annually; on farm property, payable annually.

R. E. BLANKS

Haraway and Blanks, Office Rear First National Bank, South Broadway.

We Write All Kinds of Insurance. We Buy Liberty Bonds.

Quit Betting On A Sure Loss

Occasionally we meet a man who wants to build a home, but is waiting until material gets cheaper. He goes on spending for rent, betting the family funds that later he can build for less.

It's a losing game. Building materials, in the opinion of experts, will not be much cheaper for five years or more, during which time, should you build NOW, you would almost pay for a home.

Our Plumbing is Better

See us about your work. We take pleasure in accommodating people.

Chas. A. Zorn

PHONE 256.

This is the way your automobile will look if you will let us overhaul it and paint and trim it to your liking. We will please you with our work; it is our hobby to give you satisfaction and good guaranteed work. Come and see us about Painting and Top Building and Trimming your car. We have the best workmen we can get. Our painter and trimmers are Factory men that have had long experience and can do the work right and to your order. We can paint any color you desire. Let us figure on your repair work of any kind. Come and see us.

Water Protects Coal.

An interesting result of recent experiments with coal is the demonstration of the benefits of submerging the mineral in water. Coal deteriorates in the air, and there is the danger of spontaneous combustion, while when submerged not only was the fire danger eliminated, but scarcely any deterioration was shown. Experimentally, coal kept in the air showed from 2 to 10 per cent of loss in nine months, while when submerged there was scarcely any loss at all.

No Separation in Sight.

Mrs. Mark—"Mrs. Skanner tells me that her husband is an ardent lover of books." Mr. Mark—"I wish he'd prove it. I've got two volumes of mine which he enticed away more than five years ago."—Buffalo Express.

Take HERBINE for indigestion. It relieves the pain in a few minutes and forces the fermented matter which causes the misery into the bowels where it is expelled. Price 60c. Sold by Bart Smith.

Just received a shipment of fresh vegetable. Liberty Meat Market. 3-7-17.

SUFFERED TEN YEARS FROM INDIGESTION

Trouble Gone, Appetite Strong, and Eats Anything Without Distress.

"I had a case of catarrh and indigestion, of ten years standing. I had been treated by the best medical men in Michigan. When I commenced taking Milks Emulsion, I was in bed. I improved so fast that I kept the neighbors wondering. I am now up and working every day. My cough is gone. My appetite is great, and I can eat anything without hurting me."—H. D. Lovelee, Rockford, Mich.

Indigestion is seldom cured by "helping" the stomach digest food. Digestives, like physic pills, usually make slaves of the stomach and bowels. Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to run-down, nervous people, and it has produced amazing results in many cases of tuberculosis of the lungs. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. A truly wonderful medicine for weak, sickly children. No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold and guaranteed by Gwin & Mays Drug Co.

JEWISH PERSECUTION IN LITHUANIA AND POLAND

LONDON, Feb. 20.—(Correspondence of The Associated Press)—"The Jewish situation in Poland and Lithuania is so tragic that thousands are starving and tens of thousands are begging for permission to join their relatives in the United States," says a report just received by the London bureau of the Zionist organization from its special commissioner, Israel Cohen. The question of reuniting families, the bureau announces, has been presented to the State Department at Washington.

At Lemberg, Mr. Cohen says, he made an inspection of the districts damped during the pogroms and spoke with numerous victims as well as with Jewish representatives and with Colonel Wade of the British mission to Poland. "There is abundant circumstantial evidence proving," his report continues, "that the pogrom was organized by the local military authorities who supplied machine-guns, hand grenades, automobiles and motor lorries. There are sworn protocols of 500 cases in which officer patrols took part and 2,000 cases in which ordinary soldiers took part. The names are known of 18 officers and 72 soldiers who were guilty of participation in assaults and plunder."

"The Polish military command at Lemberg is making desperate efforts to obtain evidence of Jewish attacks on Polish soldiers as a justification for the pogrom. A number of the Jewish militia previously released for lack of any real charge were re-arrested and are still imprisoned by the order of the military commander, despite the decision of the examining judge that they should be liberated."

Damage done to personal property during the pogrom is estimated at 100,000,000 crowns. This does not include, however, the loss sustained by the destruction of synagogues. The Jewish Relief Committee in Lemberg had expended, up to the time of Mr. Cohen's report, 1,300,000 crowns on feeding, clothing and lodging 5,000 families.

"After my return from Lemberg," Mr. Cohen narrates, "I visited Cawecim where a few days ago a band of rowdies attacked the Jews during worship in several houses of prayer. They broke the windows, tore up the books and also committed considerable damage in the Jewish cemetery, overturning and smashing tombstones. The Jews at Cawecim pay 65,000 crowns monthly for the upkeep of the militia."

Night Air Not Dangerous.

There is still a prejudice among some against night air. For that reason some foolish people sleep with their windows closed. Night air is not dangerous. On the average it is more pure than that of the day. In malarious sections exposure at night may be dangerous, not because the air is bad but because malarial mosquitoes bite only at night. The danger is in the mosquitoes, not the air.

Rapid heart throbbing does not necessarily mean heart disease; generally it is caused by a disordered stomach. Prove it for yourself by taking Prickly Ash Bitters; if the stomach is at fault the heart symptoms will quickly disappear. Price \$1.25 per bottle.—Gwin & Mays Drug Co., Sole Agents.

Height of Clouds. Clouds are very variable in height—from 500 to 2,000 feet. The clouds in thunderstorms may be very deep—from two to five miles and more—hence the appearance as to distance is very deceptive. Cumulus clouds are intermediate.

A pain in the side or back that catches you when you straighten up calls for a rubbing application of BALLARD'S SNOW LINIMENT. It relaxes the cramped muscles and permits ordinary bodily motion without suffering or inconvenience. Price 25c, 50c and \$1.00 per bottle. Sold by Bart Smith.

WORK OF AMERICAN NAVY IN THE WAR

LONDON, Feb. 24.—(Correspondence of The Associated Press)—The United States had 374 vessels on duty in European waters and a personnel of 80,711 afloat, at bases or headquarters when the armistice was signed, according to a summary of United States Naval activities prepared at headquarters here. Numerically the submarine chasers headed the list with 120, then came the destroyers with 70 while the third class was the unheralded 55 colliers that assisted in keeping a steady stream of coal moving from Cardiff to maintain the allied armies and prevent France from freezing.

Of the fifteen classes of ships enumerated in the report the work of the destroyers stands first in dramatic interest. The twenty that were here on July 1, 1917, immediately became active in the war game and that activity constantly increased as the number of boats gradually swelled until it reached the maximum number of November 11, 1918.

With 25 converted yachts and a few other vessels escorted 900,000 troops of the United States Expeditionary Force to Europe without the loss of a man from enemy action, and they escorted 27 percent of all United States, allied and neutral shipping to France and England from April 6, 1917, to Nov. 9, 1918. In this and other work they steamed approximately 275,000 miles every thirty days.

The convoy system was not adopted until shortly after the United States entered the war, but in the year and seven months from then until the end, 18,653 ships were brought over in 1,474 convoys that numbered from one ship to as many as forty. United States destroyers based at Queenstown and Brest escorted more than 500 single ships through the danger zone and in this work encountered some of their greatest hazards. Only the largest, fastest ships were sent across alone, and in rough weather the destroyers were considerably battered when forced to maintain high speed against heavy seas.

Reports of contact with the enemy by American vessels total 256 and the most of them came from destroyer commanders. A submarine was actually in the vicinity in 183 of these cases but the others have been listed as false alarms. Methods of determining the presence of a submarine are varied but usually are based upon charts which show with surprising accuracy the day to day movements of the under-water craft.

The report gives a list of 22 encounters, the majority of which resulted in the submarine being "probably slightly damaged" or "possibly slightly damaged." One is given as "possibly sunk" three as sunk and one captured. The accuracy of information of the movements of submarines is evidenced in the case of the yacht Lydonia in command of Commander R. P. McCullough who was credited with sinking a submarine although he never saw it. The Lydonia dropped depth charges after a torpedo had been fired at by a convoyed ship. The submarine had been reported in that vicinity and as it did not return to its base it was considered sunk in that engagement.

It is known three American fighting ships were lost through enemy action—the destroyer Jacob Jones and the armed yacht Alcedo and the yacht Owasco which was used on patrol work. Three were sunk as the result of collisions and the revenue cutter Tampa was sunk by an explosion the cause of which has never been ascertained.

YOU NEED PRICKLY ASH BITTERS

To Get Rid of "The Blues"

Faint Praise. Speaking of doubtful compliments, a subscriber writes: "I wish to offer the following as one of the best examples I have ever seen. An accomplished musician was invited by a friend to a church service in order to hear the chorus choir render a special selection. The friend, highly pleased with the rendition, was awaiting with much interest her companion's verdict. It came, then, in a whisper: 'They sit well.'—From the Outlook."

Get Rid of That Persistent Cough

Stop that weakening, persistent cough that threatens throat or lung affections, with Eckman's Alternative, the tonic and expectorant of 20 years successful use. 50c and \$1.50 bottles from drug stores or from ECKMAN LABORATORY, Philadelphia.

On the Wrong Track

Sometimes you hear a man say "Oh, you can't hurt the battery."

He forgets to add distilled water.

He steps too long on his starter instead of cleaning his spark plugs.

He puts in acid instead of having his battery charged.

He never has a Hydrometer test made.

And when his battery suddenly quits he can't realize that it has been gradually dying from neglect and abuse.

It's a fallacy to believe that you can neglect any battery without suffering the consequences.

The Best Dry Willard Battery with Thru Lead Rubber Insulation is made to give unusual service and long life, but it must be kept charged, and has to be supplied with pure water.

We distill our own water. Battery Inspection Free.

GOODBY, WOMEN'S TROUBLES

The tortures and discomforts of weak, lame and aching back, swollen feet and limbs, weakness, dizziness, nervousness, as a rule have their origin in kidney trouble, not "female complaints." These general symptoms of kidney and bladder disease are well known—so is the remedy.

Next time you feel a twinge of pain in the back or are troubled with headache, indigestion, insomnia, irritation in the bladder or pain in the joints and lower abdomen, you will find quick and sure relief in GOLD MEDAL Haerlem Oil Capsules. This old and tried remedy for kidney trouble and allied derangements has stood the test for hundreds of years. It does the work. Pains and troubles vanish and new life and health will come as you continue their use. When completely restored to your usual vigor, continue taking a capsule or two each day.

GOLD MEDAL Haerlem Oil Capsules are imported from the laboratories at Haerlem, Holland. Do not accept a substitute. In sealed boxes, three sizes.

NEWS ITEMS FROM FRANCIS WIGWAM

Work on the Francis refinery is progressing satisfactorily under the direction of Contractor Franck of Ada.

Word has been received by Mrs. J. T. Brooks that her husband, formerly assistant superintendent here, has been promoted from First Lieutenant to Captain. His many friends here rejoice in his merited advancement.

The Frisco company have greatly improved the Main street crossing by putting in a cinder surface. The street across the right of way is now in better shape than it has ever been before, a fact that is greatly appreciated by teamsters and car drivers. John Vickery, who is one of our most progressive citizens, got tired waiting for the Byng outfit and their electricity, so he has decided to put in a small plant of his own. It will furnish juice for his own use and some to spare, and will certainly be a splendid improvement.

Monday evening the Francis Band gave a concert assisted by the Cruz Trio and Miss Barrow, who is a reader. The numbers were most beautifully rendered and the band showed excellent training. The Cruz Trio and Miss Barrows' numbers brought loud applause. The proceeds went to the Red Cross and the band.

"IN-HALE-IT" GOOD FOR "SPANISH FLU" AND ALL BAD COLDS

"In-Hale-It" is a preparation discovered by Dr. Doan of Oklahoma, over thirty years ago. It has been known as the best remedy made for colds, sore lungs and pneumonia. During the first influenza epidemic "In-Hale-It" was prescribed by Dr. Doan. Since that time it has relieved hundreds of very serious cases. Not a patient has died from influenza complications where "In-Hale-It" has been used in first stages.

"In-Hale-It" is both a preventive and a remedy. Simply inhale the vapor or odor arising from the bottle. Hold one side of the nostril and inhale deep into the lungs with the other. Reverse this process and repeat several times daily. Too much "In-Hale-It" cannot be used. If the patient goes to sleep, so much the better. If some should be spilled in the patient's mouth no ill effects will result. It is harmless. "In-Hale-It" has cured patients who had reached such a serious stage that they were coughing blood.

Get a bottle at your drugstore for 50c, and accept no other remedy. Ward off influenza, relieve it and cure bad colds. If your drugstore is out send 60c to Doan's Pharmacy, Miami, Okla., and get a bottle by mail. Sold in Ada by Gwin & Mays Drug Co. and M. A. Waits.

WILSON.

L. D. Brandon has bought a new Ford automobile.

B. F. Golden of Okemah is visiting L. D. Brandon.

Ab Robertson and Wallace Beller have planted corn.

Sam Gurley and wife who are visiting Ben Gurley have been quite sick but are now much better.

J. J. Golden and B. F. Golden went to Ada Tuesday in L. D. Brandon's new car.

E. W. Deatherage was transacting business at Ada Tuesday.

M. L. Masters was at Ada Thursday.

L. D. Brandon had a wood splitting Saturday.

W. C. Stewart and wife went to Oklahoma City Monday. The latter went for medical treatment. They returned Thursday and Mrs. Stewart is thought to be better.

Mr. and Mrs. John Cheate of Knox visited the L. D. Brandon home Sunday.

Jasper Begg and family went to Ada Saturday.

There was prayer meeting at Brother Melton's Thursday night.

E. W. Deatherage, Fred Stephens and Ed Tidwell with their families visited L. D. Brandon Sunday.

There was singing at W. T. Sorrell's Thursday night.

Uncle Bud Trailer has been sick but is now able to attend his work.

J. J. Golden and family visited L. Bivens at Pickett Sunday.

Mrs. Rissie Gipson is visiting J. F. Gipson at Pickett this week.

L. D. Brandon, Jeff Golden and family, Tom Sorrells and Mr. McCann went to Ada, Saturday, also Frank Beller motored to the city Saturday.

Irregular bowel movements should be corrected, as they lead to chronic constipation. Take a dose of Prickly Ash Bitters at bedtime. You will get its beneficial effect after breakfast next morning. It empties the stomach and bowels and makes you feel fit for the day's work. Price \$1.25 per bottle.—Gwin & Mays Drug Co., Sole Agents.

Card of Thanks. We wish to thank our friends for their many acts of kindness and the beautiful floral offerings given us in our recent bereavement.
MRS. M. L. SOWERS, and Family.

AUCTION SALE—Government mules and horses.

There will be sold on March 28th, 1919, a 9 A. M., at public auction, to the highest bidder, 2,500 surplus government horses and mules. These animals were bought by the government for overseas service and are now in excess of the present requirement. Twelve hundred and fifty horses, and twelve hundred and fifty mules will be offered for sale. This stock is in good condition. Males range in weight from nine hundred to fourteen hundred pounds, and the horses will weigh from one thousand to sixteen hundred pounds. Both horses and mules will be offered singly, in pairs, fours, tens and car lots. Buyers will be permitted to select and classify stock, and have them presented in auction ring according to their selection. Arrangements have been made with railroad to have cars placed at Remount depot loading pen so that there will be no delay in shipping stock. A leather halter will be furnished with every animal sold. Lunch will be obtainable on the grounds. Sale will be held regardless of weather. Terms of sale: Cash, or certified check. Do not forget the date March 28th and the place, Fort Bliss, Remount Depot, El Paso, Texas. This is an unusual opportunity to secure horses and mules at your own price. There will also be a sale of government horses and mules at Camp Cody Remount on March 31st, 1919. This will enable out of town buyers to attend both sales on the one trip. For further information, wire Major D. M. Speed, Commanding Officer, Remount Depot, Ft. Bliss, Texas. 3-18-11

Bring in that picture and let me frame it for you.—C. A. Cummins. 1-15-11
